NEWCOMERSTOWN MAN IS KILLED AT CLOW PIPE WORKS

INDICATIONS FAVOR CONTINUATION OF FEDERAL CONTROL OF RAILWAYS

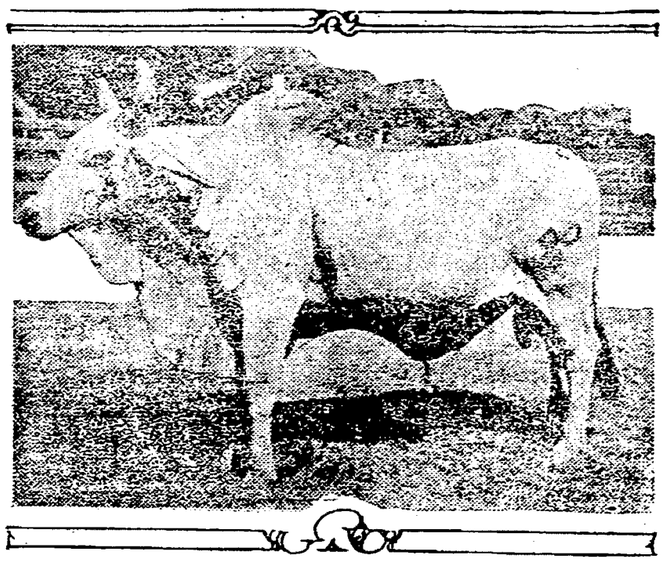

FLU EPIDEMIC ON THE INCREASE

CHICAGO, Jan. 24. —Despite the efforts of medical and health officials, Chicago's epidemic of combined flu and pneumonia has continued to increase rapidly until today authorities estimated that one person in every ten in the city is a victim.

Late figures from the health department showed 2,193 new cases of flu and pneumona for the preceding 24 hours, with deaths totalling 149.

DETROIT, MICH., Jan. 24. — The city board of health here today announced that 760 new cases of influenza had been reported during the last 24 hours, bringing the total since Sunday to 1523 cases. All hospitals are being congested with the victims but the health authorities say they have the situation well in hand. The disease has not ganed a foothold in the schools as yet.

SALE OF SACRED BULL TO TEXAN SAID TO HAVE CAUSED INDIAN PRIEST'S DOWNFALL

"Three Circle," the sacred bull.

"Three Circle," said to be the only sacred bull in the U. S. that was once in an Indian temple, is now on the Crescent V. ranch, Palacios, Texas. He is the property of Fred G. Lock. The animal was imported by Mr. Borden, a cattle man, at a reported cost of $75,000. It is said that an Indian priest was dethroned as the result of selling the bull. Lock has turned down fabulous offers from showmen for the bull, it is said.

Congressmen See No Hope Of Breaking The Deadlock On Bill To Provide Legislation For Private Control By March 1

WASHINGTON, Jan. 24.—The railroads may not be returned to their private owners March first. Instead, there are indications which encourage the growing belief that they will continue under the control of the United States government from two to five years longer.

Deadlocked apparently beyond hope of compromise in time to enable congress to pass the final legislation necessary to turning the roads back to their owners, senate and house conferees on the railroad bill admit the outook is far from bright.

Section six of the Cummins bill, providing for a six per cent guaranteed earning on the physical value of the roads, and the labor clause which makes it a crime for two or more persons to agree to strike, are the main points in dispute. Neither side will give in. Both Senator Cummins, Republican, of Iowa, and Rep. Esch, Republican, of Wisconsin, after whom the two railroad bills were named and Chairman and of their respective committees admit the measures have slipped into a deadlock.

It is understood the senate committee is willing to give grounds on the anti-strike prevision in the Cummins bill, providing the house committee will support the clause guaranteeing fixed earnings to the railroads. But the house committee has refused to accept this compromise.

The members of the two committees meet daily to discuss this question of earnings and daily they separate without having found a solution or anything approaching a solution. The suggestion that they ask for "guidance'

POLAND IS READY TO FIGHT SOVIETS

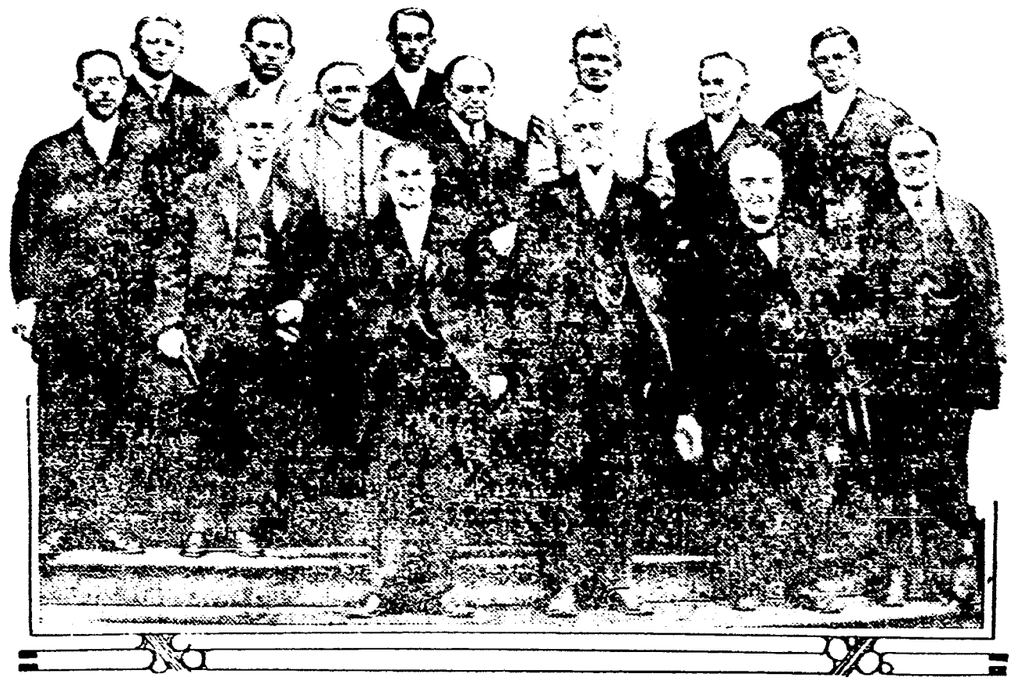

BERLIN, Jan. 24.—Poland is ready to fight the Soviet army, declared Premier Skalski, M. Paderweski, at Warsaw, to the Berlin bureau of the International News service. The dispatch was an answer to the query as to what preparations were being made to meet the threatened offensive against the Poles. The telegram concludes.

"In case the Bolsheviks attack Paland they will find the Polish army animated by the highest spirit of patriotism. We are well organized with considerable forces ready now to defend the eastern boundaries. After his London conference with Premier Lloyd George, Premier Clemenceau made a speech to the French parliament announcing that the English and French governments were ready to help Poland in every possible way "in this war against the Bolsheviks."

"During the year of her incorporation Poland not only introduced a quiet formal parliamentary administration without riot, but also prevented the Bolshevik from coming westward to invade the country. This was done in spite of the fact that the Bolsheviks were our neighbors.

"We expect from the United States in the future the same cordial feeling towards the independent Polish state as she showed in the past and for which the Polish nation is and always will be thankful. Poland needs America's help. Our war ministry requires corn, fats and frozen meats; our ministry of commerce wants raw materials and cotton, and the finance ministry seeks to interest America in credits."

ORVILLE LOOS 30, STRUCK BY BROKEN CHAIN LATE FRIDAY

Former Isleta Man Dies 15 Minutes Later In Arms Of His Wife

HEAD, CHEST CRUSHED

Was Hurled Against Pile Of Pipe By Force Of The Blow

Just 15 minutes after the accident in which he was struck by a chain and hurled backward against some heavy iron pipe, Orville Loos, 30, Newcomerstown, died in his wife's arms Friday afternoon at 3:30 in the James B. Clow plant in Newcomerstown.

Mr. Loos and his father, Hiram Loos, were engaged in moving pipe by means of a crane when the accident occurred. A heavy chain linked about the pipe snapped and struck Loos in the chest, hurling him backward against a huge pile of pipe. His head and chest were both badly crushed but he was in a conscious condition when picked up by fellow-workers. When the seriousness of his injuries became known his wife was summoned and he died in her arms 15 minutes after the accident occurred. The body was removed to the J. W. Jones Co., where it was prepared for burial.

Mr. Loos was born in Isleta but had been a resident of Newcomerstown for several years. He was a member of the Christ church at that place and was also affiliated with the Knights of the Maccabees. He was possessed of an open, frank personality that won for him the high regard of his many associates.

The mother and one child, a daughter, aged six years, survive, together with the father and two brothers.

Funeral services will be held from the home Sunday afternoon at 2 o'clock at the Baptist church and the burial made in Newcomerstown.

FRANCE TAKES DUTCH REFUSAL INDIFFERENTLY

La Victoire Is Willing To Allow Ex-Emperor To Die In Obscurity

PARIS, Jan. 24.—Holland's formal refusal to surrender the ex-kaiser to the allies for trial was received indifferently by the French press.

"The only thing remaining is an understanding with Holland on the condition of internment," said the Echo de Paris.

"Perhaps it is a matter for rejoicing," commented La Victoire. "Had Napoleon died obscurely in America from cancer of the liver instead of being martyred the Napoleonic legion would not have been so powerful."

Le Avenire says that the only possible pressure that could be brot upon Holland is of an economic character and that is very unlikely.

WASHINGTON, Jan. 24.—Naval awards recommended by the Knight medal award board totalled 1154 of which 741 were accepted by Secretary of the Navy Daniels, Rear Admiral Austin M. Knight, chairman of the board told the senate subcommittee investigating the facts leading up to the recommendations made by the Knight board and subsequent charges by the secretary.

LOCAL RIVERS AT STANDSTILL

Local rivers were stationary Saturday after rising about one foot and a half Friday.

Sidewalks were still icy and walking continued to be dangerous Saturday altho no serious injuries from falls were reported.

City officials are desirous that ashes or sawdust be used on sidewalks to prevent slipping. This is done in many cities under the orders of the service department and has been found highly satisfactory.

EXPORTS BREAK RECORD

WASHINGTON, Jan. 24—The excess of American exports over imports for the year 1919, amounted to $4,017,000,000, a new record, the department of commerce announced this afternoon.

ANTI-RED ACTIVITIES OF THE DEPARTMENT OF JUSTICE AND PALMER TO BE INVESTIGATED

WASHINGTON, Jan. 24.—A far-reaching congressional investigation of Attorney General A. Mitchell Palmer's attitude toward proposed "anti-sedition" legislation, and of the methods employed by the attorney general's office and the department of justice in dealing with "reds" was promised today by leaders of the congress.

They said the probe might be extended to include the circumstances surrounding the resignation of Francis Fisher Kane, as United States district attorney for the eastern district of Pennsylvania, who wrote to President Wilson:

"I am obliged to take this step because I feel out of sympathy with the anti-radical policies of Mr. Palmer and his methods of carrying them out."

Palmer was to be given another opportunity today to appear before the house rules committee to explain "the change of front" on the Sterling-Graham sedition bills, several of its members accused him of.

Palmer denied that he had gotten a plain case of "cold feet," on the bills, as charged by Representative Rodenberg, Republican, of Illinois.

"They have gotten me wrong at the capitol," he said. "Neither the Sterling nor the Graham bills are my bills. The bill I drew up and favored was the Davey bill."

Members of both the senate and house said they were deeply interested in the letters of resignation Fran-

FINAL ANSWER TO RAILROADERS HELD UNTIL FEB

WASHINGTON, aJn. 24.—The final answer on the demands of the railroad brotherhoods for increased wages very probably will not be given until after February, it was stated at the railroad administration today.

Director General Hines today sent a message to W. G. Lee, head of the Brotherhood of Railway Trainmen, asking him to defer his request for a final answer on January 27. Director General Hines is leaving for a tour of the west on that date.

CAN'T ASK FOR KAISER

LONDON, Jan. 24.—Officials of the German government believe that they are powerless to demand the surrender of the former kaiser from Holland, said a German wireless dispatch picked up here this afternoon.

THREE HUNG FOR MURDER

WINNIPEG, Man., Jan. 24.—A triple hanging took place in the Bordeaux jail yard when Patrick Delorme, Murdock Allen and Romeo Lacoste, were executed for the murder of Alcede Payette, a farmer of St. Sulphice Parish, last August.

Vigorous efforts had been made to secure commutation of sentence to imprisonment, but the Governor General refused to grant the appeal. Especial efforts were made in the case of Allen, who was only 17 years old when the crime was committed. Delorme and Allen were executed first. After their bodies were cut down Lacoste mounted the scaffold.

The trio were convicted after a sensational trial. It was brot out that while on a lark the three stole a motor car and drove to the home of Payette. They broke into the house and when Payette gave battle they shot him dead.

WHAT BECOMES OF THE KAISER IS A DEAD ISSUE IN GERMANY

BERLIN, Jan. 23.—Delayd.—All indications here are that "Germany does not care a rap what becomes of the ex-kaiser."

The Berlin press, including monarchist and reactionaly newspapers, have made no special mention of the former emperor for a week. There is not a newspaper maintaining a correspondent at Amerongen, Holland, where the erstwhile war lord is now living in exile.

Even now when the allied press is filled with dispatches bearing upon the case of the former German ruler, the Berlin newspapers have been only reprinting British and Dutch telegrams without any comment.

Not a single political writer of prominence has come forward as champion of the ex-kaiser. In the vernacular of the public, "William's cause is as dead as a door nail and ancient history in Germany."

As a sporting writer might put it, Germany both privately and officially, is sitting coolly indifferent, watching from "ringside seats" the legal contest between the allies and Holland with no bets on the outcome. It is declared that no matter how the negotiations fo rthe ex-kaiser's extradition finally terminates, the result will have no effect upon the critical problems of reconstruction that have been left by the war.

Political students say the ex-kaiser is not hated, he is simply ignored, being regarded as a puppet in the hands of the strong element that influenced him. Field Marshal Von Hindenburg and General Ludendorff, were said to represent the strongest influences back of the ex-kaiser, especially during the latter half of the war.

While there is little interest in the ex-kaiser's case it is felt that the attempt to extradite other German war figures, some of whom are still in the country, may be filled with danger. It is feared that efforts to secure German officers, who still have a hold on the public mind, might inflame nationalist and anti-Republican reactions. The German public especially will awaken into keen interest when the allies begin demanding other Germans who figured prominently in the war.

POWHATAN'S 261 PASSENGERS ARE ALL REMOVED IN SAFETY

NEW YORK, Jan. 24.—The 271 passengers of the water-logged transport Powhatan, including a number of women and children who were rescued from their helpless ship in a storm at night after facing the perils of the sea for five days and five nights, arrived here today upon the steamship Northern Pacific.

The Northern Pacific passed the Ambrose Light at 6:00 o'clock and docked at Pier Number Three, at Hoboken at 10:00. Red Cross workers were at the dock with hot coffee and food and warm clothing for the refugees of the sea.

The Northern Pacific also brot one of the last contingents of the A. E. F. from France. Representatives of the Rocky Mountain club went down the bay to greet the soldiers and to give all hands, a rousing welcome.

Among those in the delegation was Governor Thomas E. Campbell, of Arizona; U. S. Senator John B. Kendrick, of Wyoming and John Hays Hammond.

The transfer of the Powhatan's passengers was made in a heavy sea some 240 miles southeast of Halifax. The work began at 6:00 o'clock Thursday night and was continued until 10:00 o'clock under the glare of searchlights when all of the passengers were safely on board the Northern Pacific. The hazardous undertaking resulted in two of the Northern Pacific's boats being smashed as they left her side but the occupants were rescued.

The Powhatan is still in distress. At last reports she was being towed steadily toward Halifax, but radio calls were being sent out for further assistance. It was feared that the cable would break and Captain Randall wirelessed for heavier towing gear.

The Powhatan is in tow of the Canadian government steamship Lady Laurier.

CLUB OWNERS CAN'T BRING BOOZE INTO THE CLUB LOCKERS

COLUMBUS, O., Jan. 24—Club owners cannot bring intoxicating liquor to the club and keep it there in lockers, unless the members are actual residents at the club, state prohibition enforcement officer, J. A. Shearer, informed a conference of local club managers and stewards.

In explaining the provisions of the prohibition laws, Shearer said that club residents must keep their liquor stock in a locker over which they have control and they must drink it in their own rooms. The club officials promised to help in enforcing the law.

Shearer will explain the dry laws to local hotel owners at a conference here today.

CADDOCK TO USE "HEAD SCISSORS"

NEW YORK, Jan. 24—Earl Caddock will depend on the "head scissors" and perfect physical condition for a victory over Joe Stecher when they meet at Madison Square Garden next Friday night for the world's heavyweight wrestling championship.

"Stecher is a great wrestler and a heavier man than I am," said Caddock today prior to his departure for Great Neck, L. I., to finish training, "but I believe I will beat him."

"It is nearly three years since Stecher and I met. I won that match when Stecher refused to come out for the third fall after we each had taken one. He was thru—he had had enough.

"I think it will be physical condition that counts most in the match, and endurance will be a big factor in the match next Friday."

Caddock said he never felt better—and he looked the part.

ARMY OFFICERS REDUCED TO PRE-WAR POSITIONS

COLUMBUS, O., Jan. 24.—Army officers in charge of military training at Ohio State University have been reduced in rank, as the result of the army policy of returning all officers to the rank they held before the war emergency.

Among those reduced to the rank of Captain are:

Lieut. Col Leonard, commandant at the University.

Lieut. Col. Parker, head of the artillery units and Majors, Murray and Wright.

Captain Leonard, who is now the ranking captain of the entire army, will remain as commandant at the university. It is said that he will receive a permanent promotion to major before long.

BRIDE HAD TOO MANY COCKTAILS

WHITE PLAINS, N. Y., Jan. 24.—An echo of the "wet" days came out in the supreme court here when Mrs. Blanche Sheridan, aged 20, who is suing her husband for separation, testified that she had drunk so many cocktails before the ceremony she did not remember anything about it. The husband, a British army officer did not defend the suit and it was halted until the officiating clergyman can be found to testify.

SECOND SEMESTER OPENS

WOMEN! DRY CLEAN THINGS AT HOME

Try it! For a few cents you can dry clean everything.

Save five to ten dollars quickly by dry cleaning everything in the home with gasoline that would be ruined by soap and water—suits, coats, waists, silks, laces, gloves, shoes, furs, draperies, rugs—everything!

Place a gallon or more of gasoline in a dishpan or washboiler, then put in the things to be dry cleaned, then wash them with Solvite soap. Shortly everything comes out looking like new. Nothing fades, shrinks, or wrinkles. Do not attempt to dry clean without Solvite soap. This gasoline soap is the secret of all dry cleaning.

A package of Solvite soap containing directions for home dry cleaning, costs little at any drug store. Dry clean outdoors or away from flame.

HAS NO PAIN NOW

What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Warner.

Onalaska, Wis.—"Every month I had such pains in my back and lower part of stomach I could not lie in bed. I suffered so it seemed as though I would die, and I was not regular either. I suffered for a year and was unfit to do my housework, could only wash dishes once in a while. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it. It surely did wonders for me. I have no pains now and I can do my housework without any trouble at all. I will always praise your medicine as I do not believe there is a doctor that can do as much good in female weakness, and you may use these facts as a testimonial."—Mrs. LESTER E. WARNER, R. 1, Box 69, Onalaska, Wis.

The reason women write such letters to the Lydia E. Pinkham Medicine Co. and tell their friends how they are helped is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved.

THEATRE GOERS, ATTENTION!

Mansfield, Ohio, Jan. 23, 1920.
Mgr. Sixth-st Theatre;
Coshocton, Ohio.

A big crowd was delighted here tonight by Harvey's Minstrel. They have a large company of clever people and present a splendid minstrel show and are well worth a dollar. We want a return date. Don't be afraid to boost them.

W. A. PARTELLO.
Mgr. Opera House.

HARVEY'S GREATER MINSTRELS

Miss Johnella Gay, the clever "Coon Shouter" with Harvey's Greater Minstrels, is creating considerable comment along the line over her peculiar handling of negro songs. Almost nightly she is compelled to quit from sheer exhaustion. The female chorus is another novelty Mr. Harvey has introduced with his Minstrels which is often spoken of very favorably by the press and public.

The company will be at the Sixth Street theater tonight.

"THE LOVE KISS"

One of the most pretentious musical comedies of the season will be shown at the Sixth Street theater Wednesday night, January 28, when "The Love Kiss" will be the offering. Al W. Martin, the producer, has long held an enviable reputation in his particular field. He has assembled for the production of "The Love Kiss" a company of 35 entertainers, embracing singers, dancers, comedians, musicians together with a large chorus of shapely maidens. The famous Broadway pony chorus inaugurated by the producer remains as one of the novelties. From an opening land on Long Island the show is seen in half a dozen scenes and finally ending on the Metropolitan roof garden in New York City.

If Your Complexion Is Marred

by clogged pores, pimples, blackheads, redness or roughness, gently smear the face, on rising, with Cuticura Ointment on the end of the finger. Finally dust on a few grains of Cuticura Talcum, the most fragrant and healthful of Talcum Powders.

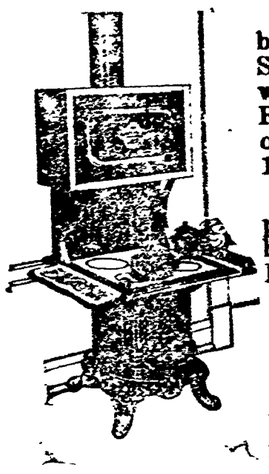

If Dandruff Menaces Your Hair

touch spots of dryness, dandruff or itching, on retiring, with the Ointment on end of forefinger. Cover head for night. Next morning shampoo with Cuticura Soap and *hot* water. Rinse with tepid water. Repeat in two weeks if needed.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

Sell Your Farm

WORLD'S LARGEST FARM AGENCY

Over Sixteen Thousand sales prove right methods, in our Nineteen Years selling farms.

We maintain large general offices in New York, Boston, Philadelphia, Pittsburgh, Chicago, Detroit, Minneapolis, Omaha, Kansas City, and Jacksonville for the convenience of farm seekers

The past year we sold $7,849,668,00 worth of country real estate (241,750 acres) as a result of which approximately 20,000 people changed their place of residence, to their own satisfaction and profit.

It is easy for us to sell farms because we have a nation wide reputation for value giving and square dealing that makes selling a comparatively easy proposition for us.

Our money and our service form an irresistible combination that invariably does the work. And don't lose sight of this all important fact:

WE USE OUR MONEY TO FIND A BUYER FOR YOUR FARM.

We advertise in thousands of newspapers, farm papers and magazines. We have at all times in our files the names of over 100,000 prospective farm buyers.

NO EXCLUSIVE LISTINGS

Our method of doing business is based upon fairness and justice. We do not believe in owners listing their farms exclusively with any one agent, for the reason that we do not consider it fair to an owner that the sale of his property should be tied up with any one agent. We have the best farm-selling plan in existence. This puts does not obligate you in any way, whatever, when you list your farm with us, nor at any future time, unless we effect a sale in which event the commission for our services comes to us as agreed upon when your property is listed with our agency.

OUR TERMS

We make no charges for listing, advertising or withdrawing. If we do not make a sale, there is absolutely no expense to you. You pay us no fees of any kind unless we sell your farm. Further more you are at liberty to sell the farm yourself, to employ other agents to sell it, or to withdraw it from our agency, you would owe us nothing in either case.

WE ARE ENTITLED TO OUR COMMISSION ONLY WHEN THE SALE IS MADE TO A CUSTOMER FURNISHED BY US.

If you want to sell your farm, write today for full information to

TWILIGHT SLEEP OPERATION DRAWS WIDE ATTENTION

NORWICH, CONN., Jan. 24—Since the publication of an account of the performance of an operation under "twilight sleep" on a patient whose condition did not permit the use of ordinary anesthetics, Backus hospital has received inquiries from many parts of the country for details. The success of the method promises to open a long sought avenue to surgeons.

Frank J. King, the patient on whom the process was tried, who is 72 years old, is making an excellent recovery and is now able to take solid food.

His specific ailment was a delicate one of long standing. Dr Robert R Agnew, surgeon of the hospital, after study of the patient, considered at first injecting morphine hyoscine into the spine, the recognized alternative for anesthetics that depress the heart action. Even this, he concluded was too big a risk if another method could be found.

It occurred to him that the "twilight sleep" treatment, which a few years ago became prominent as an aid in childbirth, might solve the problem, and he decided to adopt it. The treatment began at 9:00 o'clock in the morning, with an injection in an arm.

The patient responded satisfactorily, and shortly after being subjected to the treatment was ready for the operation. At 6:00 o'clock in the evening King came out of the influence of the sleep. During all the intervening hours his heart action and temperature had continued normal, and have remained so ever since.

No adverse reactions were observed at any time.

Opponents of section six insist they need no "guidance on the subject," their objections being based upon a matter of principle, not a misapprehension.

Unless a compromise is reached, therefor within a short time, it will not be possible for congress to take the steps necessary for the return of the railroads to private ownership by March 1.

Strong pressure is being brot to bear on congress to amend the federal control act making it possible to retain the roads for at least two years more and possibly longer. Five years has been suggested as the maximum. This pressure is said to come from commercial and organizations in all parts of the country the chief argument used being that the return of the railroads at this time would add to the already high cost of living.

Robert W Wooley, member of the interstate commerce commission, talking on this subject said:

"The consumer catches an increase in freight rates cumulatively. He is bound to become as he is at the mercy of the manufacturer, wholesaler, retailer and often the commission man, as to each single material that enters into a finished article, then as to the article itself. Director General Hines, of the railroads has stated that the ratio was five fold. In other words, he said that if rates were increased $200,000,000 the consumer would pay to the extent of $1,500,000,000. An increase of $875,000,000 in freight rates would mean the consumer would have to pay $4,375,000,000.

"This would have an immediate effect of increasing the living cost of families of five by something like $215 a year."

Commissioner Wooley expressed himself of the opinion that within six months and surely within a year, the railroads would come back to the interstate commerce commission with just as good a case as they will make March first, for another increase in freight rates.

"Why should this be necessary," said the commissioner, "when only a few months ago the president stated that an increase in freight rates at this time would not be in the public interest, and Director General Hines has said repeatedly in the past weeks that no increase will be necessary if the roads are retained under federal control—this in spite of the fact that the coal strike and the steel strike caused the roads to fail to earn the standard return by approximately $55,000,000 in November and that another falling short of the standard return, tho of smaller proportions, is to be expected from the same cause for December."

The commissioner declared he was opposed to government ownership if a plan could be found by which the roads could be economically and efficiently handled in the interest of the public and stockholders alike. In his opinion, however, "the only hope of preventing it lies in holding the roads for a period that will carry us over the reconstruction days and back to normal."

Then, he said, it may be possible to fix just what the measures of rates should be under private control.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of Influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.

It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

Flying Around the World
Prison For Blasphemy
To Make Yourself Perfect
Spare the Toy Balloon

Next July flying men start around the world for prizes totaling one million dollars. Five months allowed for the round trip.

Fifty or one hundred years from next July the charge for an air trip around the world will be less than the price of an Atlantic crossing now, and the time for the round trip less than a week.

A man is sentenced to two years in prison for blasphemy, which means saying impolite things on a religious subject. A considerable time should elapse between a round the world flying trip and a trial for blasphemy. They don't belong in the same age, exactly.

It is difficult to understand the blasphemy charge and conviction on purely legal grounds. As Thomas Jefferson wrote to the Sultan of Morocco, this country has officially no religion—you may believe what you please.

In the eyes of the Mohammedan it would be blasphemy to deny that Mohammed climbed on his white horse, Alborak, and flew from the black rock up to heaven, where he saw angels with faces so big that their eyes were thousands of miles apart.

Officially, this country is as much Mohammedan or Buddhist as it is Christian.

But, as a matter of fact, the conviction for blasphemy is satisfactory to a majority of citizens. If you say anything unpleasant about Christianity, you hurt the feelings of many good citizens. It is a good idea to imprison those that wilfully hurt the feelings of others.

By order of the house of commons women can sit and vote in the House of Lords. That is one step forward. The next, which also will come, will be a decision to let nobody sit and vote in the House of Lords. Even the conservative English will eventually drop a system that gives the power of legislation to a body created by the accident of birth and hampered by a lack of average intelligence.

Out of Italy come great men and important announcements. One Italian, Gallileo, told the world about the construction of the heavens and the slight importance of our earth, which ceased to be the centre of creation after he had spoken.

Now comes the Italian professior Maiorana saying that Newton's law of gravitation is only partly true, subject to constant change and modification. He demonstrates that a piece of lead floating in mercury, the liquid metal, weighs less than when it isn't floating in mercury. If weight or mass varies, then "directly as the mass," etc., is subject to variation.

Professor Michelson, of Chicago University, and others had previously demonstrated that matter in motion weighs less than matter at rest, which is puzzling. These men have also come dangerously near to proving that there is actually no such thing as real motion.

Professor Maiorana, to his own satisfaction, demonstrates that our solar system has existed for a period of time immensely longer than scientists had supposed. He has a new theory for spontaneous production of heat in stars caused by power of gravitation in their inside strata and without combustion. According to his theory, the sun can continue to light and warm our space for tens, perhaps hundreds of millions of years longer than had been hoped. This gives us opportunity for many incarnations on this globe, and time perhaps in which to become really civilized.

Professor Maiorana's theories may be discussed respectfully long after those that now smile, ignorantly or skeptically, are dead and forgotten. Science, so called, laughed at Gallileo, and power silenced him when he told what he had seen thru his home made telescope: the rings of Saturn and the moons of outside planets. Now what he said is taught to children.

The distinguished gentleman "Oom the Omnipotent," said he imposed on ladies, some of them stylishly named, lured to his esoteric emporium.

It is interesting that a man with ideas out of the East can persuade Americans to "make themselves perfect" by following these instructions:

"Stand on your right foot, close the left nostril with the forefinger of the right hand and pronounce the mysterious word 'Oom.'"

To the dull mind, this would seem a recipe for getting a small fly out of the back of your throat. Yet prosperous ladies stand on the right foot as requested, thinking that they purify their souls. If "Oom the Omnipotent" can thus make a living, he is entitled to admiration.

The most cruel thing you can do to a little boy is to stick a pin into his toy ballon. Mr. Bland, Republican Congressman from Indiana, should have known that and refrained from saying:

"If General Pershing didn't know more about the disposition of sugar than he did about the front, it would be useless to ask him. I found him 200 miles from the front on July 15 1918, when the battle of Chateau Thierry was at its height."

The heroism of General Pershing is the toy balion of the American people. It is cruel to stick a pin in it. General Pershing in his photograph LOOKS like a hero in his interviews he TALKS like a hero, and Mr. Bland should let the country continue to believe he IS a hero.

ANTI-RED

(Continued From Page One)

ris Fisher Kane sent to Palmer, in which he stated:

"It seems to me that the policy of raids against large numbers of individuals is generally unwise and very apt to result in injustice. People not really guilty are likely to be arrested and railroaded thru the hearings. The machinery of the government breaks down because of the strain put upon it and unfair hardships and injustice are sure to result."

The suggestion was made by senators and representatives who read the correspondence between Palmer and Kane, "that considerable light might be shed on the workings of the attorney general's office and the department of justice, if both of them were to appear before a congressional investigation committee."

Representative Campbell, Republican, of Kansas, chairman of the house rules committee expressed doubt today if it had sufficient authority to compel Palmer to appear before it. He expressed the hope that Palmer would appear of his own accord. Jackson H. Ralston, of counsel for the American Federation of Labor; W. B. Cochrane, a well known New York lawyer; Alfred Bettman, of Cincinnati, former assistant attorney general in charge of sedition cases during the late war and other opponents of the Sterling-Graham bills, were to testify before the committee.

If neither Palmer or Kane appear before the house committee, it was proposed by several senators who said they were determined to get to the bottom of the whole matter, that the attorney general and Kane be requested to appear before the senate committee probing the activities of Ludwig Martens, envoy of Soviet Russia in this country.

DANIELS COMES TO CUMMINGS' AID

WASHINGTON, Jan. 24.—Secretary of the Navy Daniels today came to the defense of Homer Cummings, chairman of the Democratic national committee in connection with the attack made upon the chairman by William Bryan for having attended the inaugural dinner of Gov. Edwards of New Jersey.

"If I were chairman, I would have attended," said Secretary Daniels.

"Governor Edwards' platform meets with my approval with the exception of his stand on prohibition, and I can't see why that question should interfere with the Democratic national chairman attending the inauguration dinner."

SPORT NOTES

It has been suggested that Billy Sunday the noted Evangelist and a former big league ball player, be selected as successor to Garry Herrmann as chairman of the national commission. It has been pointed out that he is internationally famous, has a broad knowledge of baseball and has been out of the game long enough to have severed ties with those now connected with it. Also that he has a keen mind and is possessed of a rare ability to sway the opinions of men, individually or in a mass.

It is now reported that the owners of the New York Yankees, who have been trying to oust Ban Johnson, president of the American League, are about ready to call it quits after they have spent about $25,000 in attorney's fees and have got no farther than when they started the fight against Big Ban.

Manager Ed Barrow of the Boston Red Sox, is losing no sleep over the sale of Babe Ruth as a pitcher for he claims that in young Waite Hoyte he has a star in the making. Hoyt had one great fault last season in that he didn't hearken to the advice of older players.

Fans of St. Paul are claiming the pennant for 1920 in the American Association, claiming since Louisville has sold Dixie Davis to the St. Louis team of the American league. Davis was a hoodoo to the St. Paul team, having not beat him on the home lot since 1915.

Frank Moran, who took a good lacing from Fulton recently, claims that the smoke in the ring kept him from maintaining his speed that had him winning in the first four rounds, and also that his right arm was hurt.

Joe Beckett, former hope of England for the heavyweight championship, until he met Carpentier, will come to America in the spring. George McDonald, the English promoter, is getting a stable of fighters together to bring over to America and has included the British champion.

Benny Valger, the French featherweight will get his long sought for chance at Johnny Kilbane, Feb. 9, at Jersey City in an 8 round bout.

Jimmie Wilde and Frankie Mason, will clash in a scheduled 10 round boxing match at Milwaukee Jan. 29, and the winner will caim the flyweight championship of the world.

Resolutions condemning the war record of Jack Dempsey and lauding that of Georges Carpentier, who fought nearly all thru the war, was adopted by the Murray Davis post of the American Legion of Kansas City recently.

Bill McKechnie, Pirate third baseman during the 1918 season, will probably be taken south with them in the spring, and if he shows his former ability of other seasons will hold down a regular berth the coming season.

The Philadelphia Nationals are going to bench Fred Luderus, the hard hitting first baseman in favor of Gene Pauletto. They have had an offer from the Vernon club of the Pacific Coast League, but Pittsburg, and St. Louis refuse to waive on him.

INTERVENTION IS INEVITABLE

WOMAN IN SERIOUS CONDITION AT HOME OF PARENTS HERE

Mrs. Margaret Stewart Redd, 19, colored, the daughter of Mr. and Mrs. Thomas Stewart, Burt-av, was at her home in this city Saturday after being picked up in Columbus where she was held for several days for treatment of an incurable disease.

Police in Columbus notified local officials when Mrs. Redd refused to remain in the hospital at Columbus. She was found to be in a delicate condition and to be suffering from an incurable disease. The county commissioners arranged for her removal to this city and placed her in the custody of her parents.
